

ACADEMIC REPORT

Teacher: This student is a member of the *Clinton TaeKwonDo Academy*. One of our main goals when teaching TaeKwonDo to our students is academic excellence. We try to work with the school system to motivate our students to try *their* hardest, and give *100%* dedication to everything, especially school. With each Belt Testing, we reward our students with stars to be placed on their belts. **3 Stars** are given for **Outstanding** grades/effort, **2 Stars** for **Above Average** grades/effort and **1 Star** for each student who tries hard, but with room for improvement, regardless of their grades.

Clinton TaeKwonDo Academy has a teaching program that documents the direct correlation between TaeKwonDo training and higher academic achievement. Please fill out the highlighted portion of the form below and mark which category applies to this student. Give this form back to the student, and have him/her return it to the *Clinton TaeKwonDo Academy*. Thank you for your time and cooperation.
